Where can I smoke?

Since Virtuality is mostly an indoor theme park, you might be worried about where to smoke. Luckily, we are so retro, we don't really care where you smoke as long as you don't start a fire or burn other visitors.

Vintage spinning ashtrays from the 80s are provided throughout, or otherwise you can just ash on the carpets.

Out of cigarettes? No problem, we have vending machines by the toilets that accept cash, apple pay, google pay, android pay, pay pal, visa and mastercard.
